OUTPUTS AND TASK DISTRIBUTIONS

FACILITATING E-LEARNING FOR AN INCLUSIVE PEDAGOGY

2021-1-SK01-KA220-VET-000034712

TRANSNATIONAL PROJECT MEETING 1 – GAZIANTEP 2022

Outputs

- Four outcomes are intended with e-FLIP Project
    - Project result 1: e-FLIP teaching model
    Starts-ends: 11-2021 and 02-2023

    - Project result 2. e-FLIP teacher training module
    Starts-ends: 12.2021 and 07.2023

    - Project result 3: e-FLIP digital platform
    Starts-ends: 03.2022 – 07.2023

    - Project result 4: E-book for e-FLIP teaching
    Starts-ends: 01.2023 – 07.2023

LTTs related to the outcomes

- LTT 1: Flipped Classroom Approach, Features Online Teaching and Digital Tools for Teachers

- LTT 2: Devising of e-FLIP Model, Transition e-FLIP Model to e-FLIP Teacher Training Module, Collaborative Learning Environments

- LTT 3: Preparation of Teaching Materials by Digital Content Development Tools and Digital Assessment Instruments

- LTT 4: Transition from e-FLIP Model to e-FLIP Teacher Training Module by the e-FLIP Digital Platform

Major Works for outputs 1: e-FLIP Model

- Theoretical foundations (institutions)

- Practical insights (schools)

- Drafting the model (GAUN)

- Implementing (schools and pilot schools led by inst.)

- Reflections (practitioners/schools)

- Finalisations (GAUN)

Major Works for output 2: e-FLIP Module

- Content production about following items:
  - Trainings on digital tools (environments, collaborative tools, assessment, content production) (Institutions Greece, Iceland and Germany)
  - Example lesson plans (Schools)
  - Exemplary practices (on assessmemnt tools, contents, materials, activities etc.) inlcuding multicultural and inclusive settings (Schools)
  - Teacher training to colleagues and pilot school teachers (Schools and Institutions)
- Reflection reports (practitioners)
- Analyses and finalisations (GAUN)
- Assessment instruments for the Project (rubrics etc.) (GAUN)
- Translations in different languages (Turkish, Greek and Italian)

Major Works for output 3: e-FLIP Digital Platform

- Visual and structural design of the platform (GAUN)

- Selection of contents (all partners)

- Embedding the content into digital platform (GAUN)

- Feedbacks and reflection reports on the platform (All partners)

- E-guide (Institutons and GAUN)

- Piloting (Schools and pilot school led by Institutions)

- Feedbacks and reflection reports on the platform (All partners)

- Analyses and finalisations (GAUN)

Major Works for output 4: E-book

- Structuring (chapters, lengths and writing style) (all partners)

- Drafting the relevant chapters (all partners)

- Editing the chapters with feedbacks (GAUN)

- Typesetting (Proscholaris)

- Publishing

Structure of LTTs 1-2-3

- Trainings on digital tools on the followigns (Institutions)
  - Ed Puzzle, Vialogues, Lessonpaths and Videonotes (LTT1)
  - Collaborative environments: Ed modo, Class Dojo, Collaborize Classroom and Mentimeter (LTT2)
  - Collaborative teaching tools: Sutori, Padlet, Trello, Basecamp, Meeting words (LTT2)
  - Content development tools: Popplet, Cacoo, Canva, Flipsnack, E-story, Sway, Nearpod (LTT3)
  - Assessmemnt tools: Kahoot, Socrative, Quizlet, Plickers, Crowdsignal (LTT3)
- Relating tools to e-FLIP model (all partners led by GAUN)

LTT4

- Finalisation of digital platform for e-FLIP teacher training

- Guiding principles (or e-guides) of the platform («how to»)
