Users get a preview for laptop, tablet and smartphone.

Share

Polls and surveys can be shared through:

- Link
- Embed
- Popup
- Email
- QR Code

Results

With Crowdsignal you can analyze and export your results to apps like Google Sheets and Excel.

Crowdsignal pros

+ Crowdsignal is user friendly.
+ Crowdsignal could be a nice tool for students’ surveys.

Crowdsignal cons

- Crowdsignal is a Freemium programm. With the free account, you can only collect up to 2500 signals.
- The premium account costs 15$/user/month.
- Crowdsignal is more for shops and businesses than for school assessment.
