# What is Kahoot

- Kahoot! is a game-based learning platform used by millions of people around the world every day to discover, create, play and share learning games.
- Kahoot! can be used for any subject, any age, and with any device - and players don't even need to register for an account.
- One of the things that makes Kahoot! so unique is that it's a platform where you decide on the content, the imagery and how the game is played.
- If you don't have time to create a game from scratch, simply search from millions of kahoots in our public library and adapt them for your audience.

# How to play your first Kahoot

- Kahoots are best played in a group setting, like a classroom or a conference room – or even with family at home.
  - Step 1: Find a game to play
  - Step 2: Launch the game so players can join
  - Step 3: Play the Kahoot

# How to assign a Kahoot as homework

- In addition to playing live in a group setting, you can also assign Kahoots as homework with the challenge feature.
- Save time on correcting assignments and make homework really engaging for students. They play homework challenges after class in our mobile app, and you get a neat report with the results.
