# Stekkjastaur

## 12. desember

Stekkjastaur kemur fyrstur til byggða og var hann sagður sjúga mjólk úr sauðkindum. Hann hafði staurfætur á báðum fótum svo það gekk heldur erfiðlega.

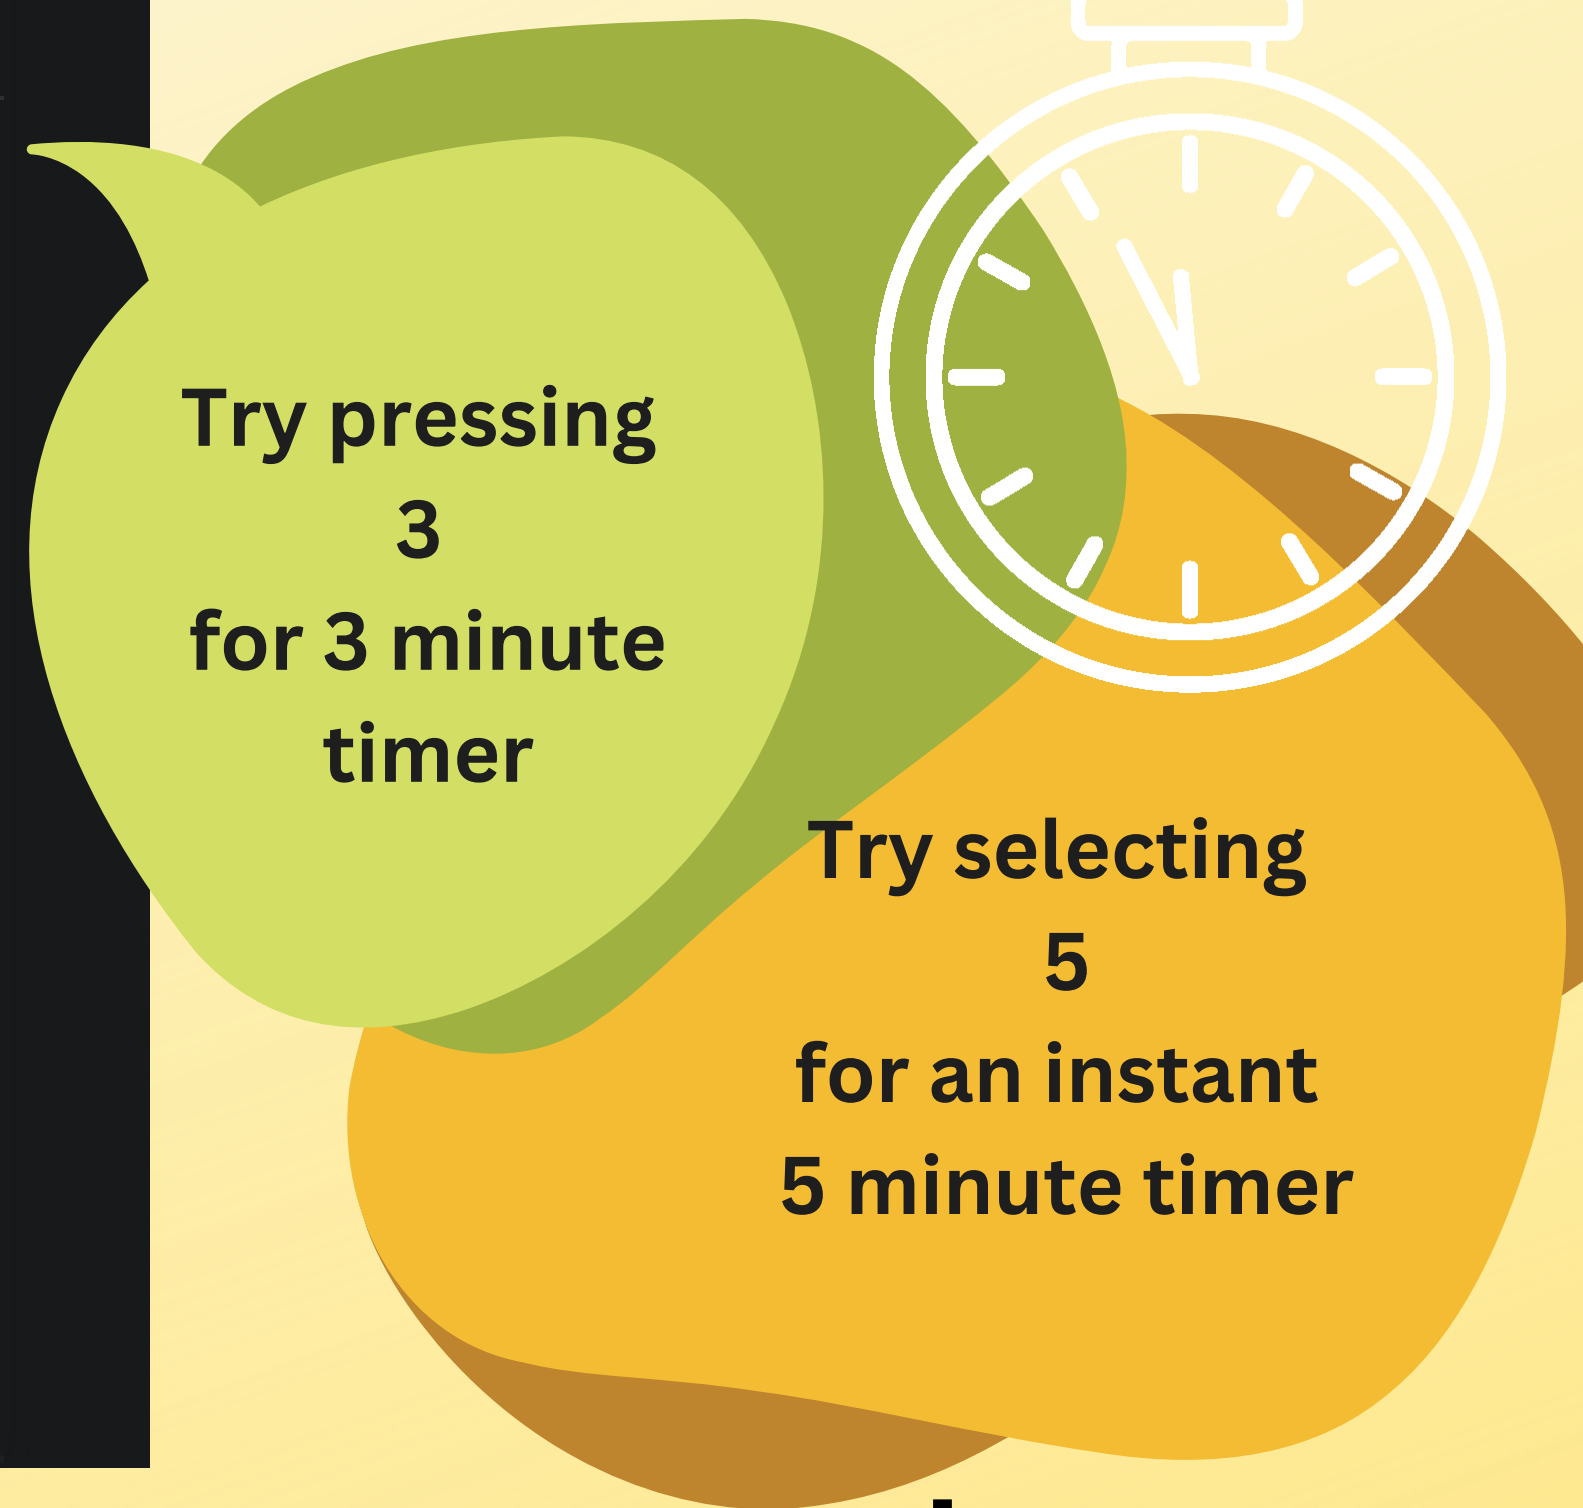

Stekkjastaur is the first Yule lad to town and he is said to suck milk from sheep. He had two wooden feet, peg-legged, which made it quite difficult.
